

Mifare electric lock

Antique	
EL-AN-S	A silver-colored antique-style Mifare electric lock. It features a vertical rectangular body with a curved top and bottom. At the top, there is a small rectangular panel with a Mifare symbol (a hand holding a card) and a horizontal slot. Below this is a curved handle. At the bottom, there is a circular keyhole.
EL-AN-G	A gold-colored antique-style Mifare electric lock. It features a vertical rectangular body with a curved top and bottom. At the top, there is a small rectangular panel with a Mifare symbol (a hand holding a card) and a horizontal slot. Below this is a curved handle. At the bottom, there is a circular keyhole.
Classic	

EL-CL-S

EL-CL-G

EL-ME-R	 A smart lock with a vertical brushed metal finish. It features a black rectangular panel at the top with a 'CARD' label and a small sensor. Below the panel is a horizontal handle with a black grip.
EL-ME-B	 A smart lock with a vertical dark grey or black finish. It features a black rectangular panel at the top with a 'CARD' label and a small sensor. Below the panel is a horizontal handle with a black grip.
EL-MU-S	 A smart lock with a vertical brushed metal finish. It features a black rectangular panel at the top with a 'CARD' label and a small sensor. Below the panel is a horizontal handle with a brushed metal grip.
