

# Outdoor lighting

Basic characteristics:

- many lights and push-buttons, usually in several places
- time-consuming adjustment of lighting to actual needs

## HIQ Lighting advantages

- Scenes triggered by keys:
  - Smaller number of keys
  - Easier, faster adjustment of lighting to actual needs
  - Easy adaptation to lifestyle change
- Scenes can also be triggered automatically (schedule, at night)
- Lights can be included in other scenes (turn off everything when leaving home)
