

TVOC, Temperature and Humidity Sensor

| | |
|---------------|-------------------------------------|
| Model number: | RB-100-TVOC-TH |
| Mounting: | In-wall, dose |
| Dimensions: | 85 x 116 x 44 mm |
| Connection: | RS485 to HIQ MC controller or Cybro |
| Frame color: | Black |

Description

The FST100-2004 carbon dioxide sensor is used to detect the concentration of carbon dioxide in the environment. It adopts imported high-performance carbon dioxide sensor detection devices, with sensitive response, high measurement accuracy, good stability and repeatability. It is widely used for indoor and outdoor environmental air quality monitoring.

Features

- High measurement accuracy
- Built-in high-performance microprocessor
- Multiple probes available
- Integrated use of temperature and humidity
- Superior performance and long-term stability
